FLUTTERISTIC

DESCRIPTION-

This event aims at testing the Flutter Concepts. It will be a two-round event consisting of a session on Flutter and a competition in which an app homepage has to be developed by the elements provided to the participants.

RULES-

· There will be two rounds- A session and a final competition.

· You have to take part individually in this event.

· Any participants found cheating or using unlawful means will be disqualified.

· You will get to learn the following things during the competition-
   · About Flutter.
   · Learning about different Flutter Widgets.
   · Creating App UIs.

SESSION DETAILS-

· At first you will get to know about Flutter development, using widgets, Building apps, using assets, etc in a session.

· The session will be for 1 hour.

COMPETITION DETAILS-

·You will be provided 2.5 hours in which you have to develop a basic app home page.

· You have to use the elements that will be provided to you during the competition.

· The winners will be awarded based on the best UI design.

· The decision of the judges will be final and binding in all the cases.
